

Minimum Community Engagement and Accountability (CEA) actions

4

EVALUATE AND LEARN

8. We involve communities in evaluations and share findings back with them and colleagues.

1

ASSESS

1. We consult communities before assessments.
2. We understand the local information ecosystem and community structures.

Reflection and learning

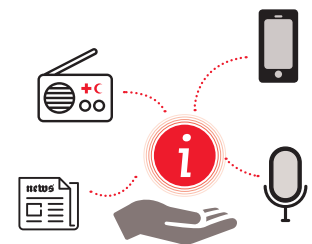

3. We engage communities in planning programmes.
4. We integrate CEA activities into plans and budgets.

IMPLEMENT AND MONITOR

3

5. We provide useful information and listen to communities using the most relevant channels.
6. We act on community feedback and use it to improve our activities.
7. We monitor if people feel informed, engaged and listened to.
