The Nepal Red Cross Society and the International Federation of Red Cross and Red Crescent Societies (IFRC) are responding to devastating floods and landslides that have affected more than 1.5 million people across 31 districts of Nepal.

3,531,819 Swiss francs needed for urgent humanitarian support
81,000 people in desperate need of help

Snapshot

Torrential rains – the worst to hit Nepal in 15 years - have caused massive flooding and landslides across 31 districts of Nepal since 11 August, killing more than a hundred people. More than 62,000 homes were destroyed, 102,224 others are damaged, and 438,060 people have been displaced. More than 1.5 million people have been affected by the disaster.

The appeal will allow the Nepal Red Cross Society and IFRC to provide 81,000 of the most vulnerable people with assistance in health, shelter, water, sanitation and hygiene, food security and livelihoods.

Key figures

128 people reported dead
438,060 people have been displaced
1.5 million people affected
31 districts flooded
