The Appeal

The Kenya Red Cross Society and IFRC are responding to disastrous flooding across Kenya and need your help to support 150,000 of the most vulnerable people who have been displaced from their homes.

We plan to provide assistance in shelter, health and nutrition, water and sanitation, livelihoods, food security, and gender, protection and inclusion for six months.

- **4.7 million Swiss francs needed for urgent humanitarian relief**
- **150,000 people to be supported**

Snapshot

Torrential rains have caused devastating floods across 15 counties in Kenya, killing 72 people and forcing 211,155 people to leave their homes.

The flooding has destroyed livelihoods – entire farms are under water, crops have been ruined, and vital irrigation systems have been swept away - and has also destroyed health clinics, sanitation services, and roads and transport links.

People are in desperate need of food, shelter and relief items, and are at risk of water-borne diseases. Many were already suffering from food insecurity caused by drought. All will need humanitarian support.

Key figures

- **72** people killed
- **150,000** People need urgent help
- **4,746,755** Swiss francs appeal budget
- **98,000** Kenya Red Cross volunteers active in communities
