TOOL 3.3.1 FOCUS GROUP DISCUSSION QUESTIONS FOR DAPS CENTRE ASSESSMENT

The purpose of this tool is to provide some focus group discussion questions when trying to assess whether a DAPS Centre is needed for the context in question. For guidance on how to run an FGD, please see:

- 2.6 PGI Focus Group Discussion planning guide

Below are some suggestions for questions that could be included during FGDs with small groups of men, women, boys and girls (separately). Kindly note the guidance on FGDs with children in Tool 2.6.

1. Describe a typical day in your community before the crisis
2. How has this type of day changed since the crisis?
3. Has education been disrupted? (e.g. because of school closure or physical damage of the school building.)
4. Have livelihoods been disrupted?
5. Who has been the most affected by the crisis?
6. If you had a safe place where you could play and learn, what would it be like? Where would you ideally want to set it up?
7. If you had a safe place where you could improve your livelihood skills, receive education, and meet with other men/women who have had the same experience as you during and after the crisis – what would it look like?
8. Where would it be?
9. How long would one day be?
10. What are the top three activities/skills you would like to learn?
11. At what time during the day would you be able to come to the centre?
12. Would you require transportation?
13. Do you need permission from anyone?
14. Are there other types of services that the Centre should provide (basic medical, psycho-social etc)?
